Report Highlights:

Chinese authorities approved four rapeseed meal processing facilities for export to China.

According to information received from the State Service for Food Safety and Consumer Protection ([in Ukrainian](#)) Chinese authorities approved four Ukrainian rapeseed meal processing facilities for export to China. The list of approved facilities is [available here](#).

In completing this step China and Ukraine are progressing in their mutually agreed upon Protocol for veterinary and phytosanitary requirements for exports of rapeseed meal to China (Protocol) signed on November 27, 2019. Please refer to our [GAIN Report UP2019-0051](#) for more details.

Rapeseed production is gaining popularity among Ukrainian farmers. The potential of exporting rapeseed meal to China may further boost Ukrainian rapeseed processing volumes as Ukraine has an excess oilseed crushing capacity. Please refer to our [GAIN Report UP2020-0020](#) for more information about the Ukrainian oilseed market.
