

Required Report: Required - Public Distribution

Date: December 23,2019

Report Number: TW2019-0036

Report Name: Food and Agricultural Import Regulations and Standards
Export Certificate Report

Country: Taiwan

Post: Taipei

Report Category: FAIRS Export Certificate Report

Prepared By: AIT Taipei APHIS, ATO, and OAA

Approved By: Lucas Blaustein

Report Highlights:

This report lists major export certificates required by the Taiwan government to export food and agricultural products to Taiwan. For more information on import requirements, see the Taiwan Food and Agricultural Import Regulations and Standards Report.

This report was prepared by the American Institute in Taiwan Office of Agricultural Affairs in Taipei, Taiwan for U.S. exporters of food and agricultural products. This report gives an overview of Taiwan's certificate requirements for food and agricultural products. While this report strives to be as comprehensive as possible, regulations and requirements can frequently change. U.S. exporters are therefore encouraged to work closely with their Taiwan importers to ensure they are aware of and complying with all current Taiwan regulations and requirements.

Final import approval of any product is subject to rules and regulations as interpreted by Taiwan border officials at the time of product entry.

Section II: Purpose of Specific Export Certificates

(See "purpose" column above.)

Section III: Specific Attestations Required on Export Certificates

(See matrix above for attestations required.)

Section IV: Government Certificate Legal Entry Requirements

All original certificates are required to accompany the corresponding products at the port of entry, unless otherwise specified in the table above. Taiwan authorities generally only accept certificates issued by the exporting country's competent government authority. Private industry issued certificates are not accepted. Any revision on the affidavit or text on the certificates must be either signed by an eligible endorsing official or reissued with a certificate including the new affidavit or new text as replacement.

Section V: Other Certification/Accreditation Requirements

Apart from export certificates, products imported into Taiwan must also meet several other requirements. Details of these requirements are contained in the FAIRS narrative report updated each year by this office. The most recent update is dated December 2019, in conjunction with this report. The report can be downloaded on the [FAS website](#).
