Report Name: Food and Agricultural Import Regulations and Standards
Export Certificate Report

Country: Thailand
Post: Bangkok

Prepared By: Maysa Chanikornpradit, Agricultural Specialist
Approved By: Eric Mullis

Report Highlights:
This report lists certificates required by Thai government agencies for U.S. products exported to Thailand, including fruit and vegetables, live animals, beef, canned or preserved meat and poultry products, other processed meat products, processed or frozen seafood, hides and skins, distillers dried grains, live animals, and any food that undergoes a production process (i.e., make, mix, prepare and repacking). There is a change on requirement of GMP certification for all food items not only some specified types of food.

I, Ronald W. McKay, hereby certify:
That I am the Administrator of the Food Safety Division of the Oregon State Department of Agriculture;
That the records of this department indicate that
I have been and am now engaged in the preparation and the
intrastate, and interstate distribution of food products, and as such is subject to the applicable
provisions of the Oregon Food Act, ORS Chapter 616, and the administrative rules promulgated
by this department thereunder.
That the records of this department indicate the named firm is in compliance with the sanitary
and health provisions of said laws and rules applicable to such food establishments, and
therefore the

(List of Products)

preparing and distributed by said firm are fit for human consumption and appear to have been
handled in accordance with such sanitary and health standards.
This company manufactures the above products which are sold freely to the public in the U.S.A.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed hereto the seal of this
department, this 2nd day of February, 2007.

Ronald W. McKay, Administrator
Food Safety Division
Oregon Dept of Agriculture

NOTICE: This certification shall not be construed as any warranty or endorsement, either
expressed or implied, nor shall it be used in any manner for the promotion or advertising of
either, the named firm or product.
This document shall not be copied without express permission granted by the issuing
Division.

Section II. Purpose of Specific Export Certificate(s)
Please refer to the Matrix under Section I.

Section III. Specific Attestations Required on Export Certificate(s)
Please refer to the Matrix under Section I.

Section IV. Government Certificate’s Legal Entry Requirements

1. Any food that undergoes a production process (i.e., make, mix, prepare and re-packing) or all four categories of food as prescribed by Food Act B.E.2522 (1979)
      i. The certificate needs for product registration of “Specific Controlled Food” category and product filing of “Standardized Food, Food Required to Bear Label and General Foods” categories.
      ii. The certificate is valid as indicated on that certificate, otherwise valid for one year and can also be applied to multiply shipments of the identical product.
      iii. Thailand accepts a U.S. State issued export certificate when the document is officially certified by the authorized officer in the U.S. Embassy in Thailand.
      iv. Thailand does not accept a Suppliers or Manufacturers Export Declaration as proof of compliance.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

2. Beef and Poultry Meat and Products
   a. Meat and Poultry Export Certificate of wholesomeness Certificate (FSIS Form 9060-5)
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid only for the particular shipment.
      iii. The plant number specified must correlate with the letterhead certificate and the USDA Export Verification document.
      iv. For attestation, please refer to the FSIS Export Library: Meat, Poultry, and Eggs Export Requirements for Thailand at: https://www.fsis.usda.gov/wps/portal/fsis/topics/international-affairs/exporting-products/export-library-requirements-by-country/Thailand
   b. Letterhead Certificate
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid only for the particular shipment.
      iii. The plant number specified must correlate with the letterhead certificate and the USDA Export Verification document.
      iv. For attestation, please refer to FSIS Export Library: Meat, Poultry, and Eggs Export Requirements for Thailand at: https://www.fsis.usda.gov/wps/portal/fsis/topics/international-affairs/exporting-products/export-library-requirements-by-country/Thailand
   c. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.
3. Canned or preserved meat and poultry products
   a. Meat and Poultry Export Certificate of wholesomeness Certificate (FSIS Form 9060-5)
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid only for the particular shipment.
      iii. The plant number specified must correlate with the letterhead certificate and the USDA Export Verification document.
      iv. Thailand accepts a U.S. State issued export certificate when the document is officially certified by the authorized officer in the U.S. Embassy in Thailand.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

4. Low acid and Acidified foods Packaged in Hermetically Sealed Containers.
   a. U.S. FDA’s On-line Filed Process Filing document
      i. The certificate is required for product registration.
      ii. Thailand accepts a U.S. FDA’s On-line Filed Process Filing document when the document is officially endorsed by the authorized officer in the U.S. Embassy in Thailand.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

5. Distillers Dried Grain
   a. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

6. Fruit and Vegetable³
   a. Phytosanitary Certificate
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid as indicated on that certificate, otherwise valid for the indicated shipment. The certificate must be endorsed by the United States Department of Agriculture’s (USDA) Animal and Plant Health Inspection Service (APHIS). Thailand does not accept a Suppliers or Manufacturers Export Declaration as proof of compliance.
      iii. Thailand does not accept a U.S. State issued export certificate.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.
   c. Production Standard Certificate
      i. The original certificate needs to accompany the product at the time of entry.
      ii. Samples of production standards that are equivalent to the standard of good handling practice of fresh fruits and vegetables:

³ A notarized copy of the three certificates can be used in lieu of the original certificate. After the first shipment, shippers or importers are allowed to present a copy of the notarized copy at the time of the shipment clearance as long as the dates indicated in the certificate are valid. The Thai Food and Drug Administration is usually willing to revise its list of approved standards upon an official report of exporting countries.
2. Hazard Analysis and Critical Control Point System
3. BRC Global Standard for Food Safety: British Retail Consortium.
5. International Food Standard; IFS
6. The Primus GFS Standard

iii. For U.S. products, the following standards of produce packing houses can be presented:
   1. USDA Agricultural Practices and Good Handling Practices Audit Verification Program for Fruit and Vegetables;
   2. GLOBALGAP Institute Farm Assurance Programs for fruits and vegetables;
   3. Primus GFS Version 2.1 to 2c or Version3;
   4. The Safe Quality Food (SQF) institute’s HACCP-Based Supplier Assurance Code for the food industry;
   5. BRCG local Standard for Food Safety (Issue7); and
   6. GLOBAL GAP Produce Handling Assurance Version 1.2.

7. Hides and skins
   a. Health Certificate
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid as indicated on that certificate.
      iii. Thailand accepts a U.S. State issued export certificate when the document is officially certified by the authorized officer in the U.S. Embassy in Thailand.
      iv. Thailand does not accept a Suppliers or Manufacturers Export Declaration as proof of compliance.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

8. Live Animals
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid as indicated on that certificate, otherwise valid for the indicated shipment.
      iii. The certificate must be endorsed by APHIS. Thailand does not accept a Suppliers or Manufacturers Export Declaration as proof of compliance.
      iv. Thailand does not accept a U.S. State issued export certificate.

9. Other Processed Meat Products
   a. Meat and Poultry Export Certificate of wholesomeness Certificate (FSIS Form 9060-5)
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid only for the particular shipment.
      iii. Thailand accepts a U.S. State issued export certificate when the document is officially certified by the authorized officer in the U.S. Embassy in Thailand. For attestation, please refer to FSIS Export Library: Meat, Poultry, and Eggs Export
Requirements for Thailand at:

iv. Letterhead Certificate

b. Certificate of Origin
   i. The original certificate needs to accompany the product at the time of entry.

10. Seafood Products (Chilled, Frozen, and Processed)
   a. Certificate of Sanitation & Free Sale
      i. The original certificate needs to accompany the product at the time of entry.
      ii. The certificate is valid as indicated on that certificate, otherwise valid for one year. The certificate can also be applied to multiple shipments of the identical product.
      iii. Thailand accepts a U.S. State issued export certificate when the document is officially certified by the authorized officer in the U.S. Embassy in Thailand.
      iv. Thailand does not accept a Suppliers or Manufacturers Export Declaration as proof of compliance.
   b. Certificate of Origin
      i. The original certificate needs to accompany the product at the time of entry.

Section V. Other Certification/Accreditation Requirements

Additional details on food import requirements and procedures, including import permit, product registration, and food labeling are available in the Food and Agricultural Import Regulations and Standards report at www.fas.usda.gov.

In addition, both the DOA and the DLD require import permits. The procedure for import permit issuance has been, at times, non-transparent for certain pork and poultry products. The DLD agreed in principle (although not officially in writing) to accept “system audits” for exporting facilities instead of its earlier requirement of “separate plant audits.” However, the DLD added the requirement that exporting countries of animal and animal products must complete the DLD’s questionnaire for approval before the DLD send its team to conduct on-site inspections for each exporting country.

Letterhead Certificate for Export of Beef and Beef Products, Excluding Offal Products, to Thailand

Date Issued: _______________  Certificate Number: _______________

1. The United States of America (USA) is free from Rinderpest and Foot-and-Mouth Disease (FMD) as recognized by the World Organization for Animal Health (OIE) for at least 1 (one) year prior to export.

2. The cattle received ante-mortem and post-mortem inspection and were found to be free from any infectious and contagious diseases.

3. The farm(s) or premises of origin in the United States has been free from contagious bovine pleuropneumonia during the past 6 (six) months preceding the slaughter of the animals and until the time of export, or the product or source cattle were legally imported into the United States from a zone free of contagious bovine pleuropneumonia.

4. The U.S. requires the following for imported cattle, consistent with the recommendations of the OIE’s Terrestrial Animal Health Code’s chapter of bovine spongiform encephalopathy (BSE):
   
   a) Cattle imported from controlled BSE risk countries, including Canada, are permanently identified;

   b) Cattle imported from controlled BSE risk countries, including Canada, are not known to be “exposed” cattle (i.e., those identified as cohorts of a BSE case);

   c) Cattle imported from controlled BSE risk countries, including Canada, were born after the date a ban on the feeding of ruminant-origin meat-and-bone meal and greaves to ruminants was effectively enforced in those countries.

5. The beef and beef products were produced at slaughter and processing establishments operating under federal inspection.

6. The beef and beef products contain no preservatives, additives or other substances posing a harmful risk to human health.

7. The beef and beef products have been subjected to a residue and microbiological sampling program in accordance with FSIS regulatory requirements including the FSIS National Residue Program.

8. The beef or beef products were not derived from cattle that were confirmed BSE cases or known suspected cases of BSE.

9. The United States is a country officially recognized as having a negligible BSE risk status by the OIE.

10. The immediate shipping container used for transporting the product complies with FSIS sanitary requirements at the time of loading in the facility.

11. The product does not contain meat from mechanically separated meat.

Letterhead Certificate for Poultry and Poultry Products
for Export to Thailand

DATE ISSUED_________________ CERTIFICATE NUMBER________________________

1. The product was derived from birds from an establishment that is free from notifiable avian influenza and exotic Newcastle disease.

2. The birds are born and reared in the United States or have been in the United States for not less than thirty days.

3. The products have been processed in an approved establishment in a sanitary manner under constant veterinary supervision and derived from birds that received ante-mortem and post-mortem examination and found free of disease.

4. The products do not contain preservatives, additives, or other substances at a level harmful to human health.

5. The products are fit for human consumption and every precaution has been taken to prevent contamination prior to export.

6. The products have not been stored for more than 3 months.

7. Duck and duck products. The ducks have come from farms free from Duck Viral Hepatitis and Duck Viral Enteritis for the last 12 months.

DISCLAIMER

This report was prepared by the Office of Agricultural Affairs of the USDA/Foreign Agricultural Service in Bangkok, Thailand for U.S. exporters of domestic food and agricultural products. While every possible care was taken in the preparation of this report, information provided may not be completely accurate either because policies have changed since its preparation or because clear and consistent information about these policies was not available. It is highly recommended that U.S. exporters verify the full set of import requirements with their foreign customers, who are normally best equipped to research such matters with local authorities, before any goods are shipped. FINAL IMPORT APPROVAL OF ANY PRODUCT IS SUBJECT TO THE IMPORTING COUNTRY’S RULES AND REGULATIONS AS INTERPRETED BY THE BORDER OFFICIALS AT THE TIME OF PRODUCT ENTRY.

Please contact the FAS office in Bangkok if you have any comments, corrections or suggestions. The e-mail address is agbangkok@fas.usda.gov.
