

**Voluntary Report** – Voluntary - Public Distribution

**Date:** December 20, 2024

**Report Number:** KS2024-0003

**Report Name:** Korea Dried Fruits Market Brief

**Country:** Korea - Republic of

**Post:** Seoul ATO

**Report Category:** Product Brief, Dried Fruit, Raisins

**Prepared By:** ATO Seoul, OAA Seoul, Gi Hyun Shin

**Approved By:** Lisa Allen

**Report Highlights:**

Korea depends heavily on imports to meet the demand for dried fruits, though overall demand has seen a slight decrease over the last five years. In 2023, the United States held roughly 53% of the market share for imported dried fruit.

## Summary

Though Korean imports of dried fruits have been seen a slight decrease over the last five years, they still rely heavily on imports. The United States is the leading exporter of dried fruit to Korea, with roughly 53% market share in 2023, exporting mainly raisins and prunes. Top competitors include China, Chile, and Turkey.

**A full overview of the dried fruit market can be found in the attached report.**
