I. INTRODUCTION

DISCLAIMER: This is not a legal document. The descriptions are unofficial translations. In the event of any discrepancy between this document and the original document(s) in Spanish as published in Mexico's "*Diario Oficial*" (Federal Register) and/or the original NAFTA text, the NAFTA text shall prevail.

~.~

The following is Mexico's current import tariff schedule. As stated above, the descriptions are unofficial translations completed by FAS/Mexico. They reflect all the known additions, changes, and/or deletions to the schedule since NAFTA was signed. The most important of these was when Mexico published its entire schedule on December 18, 1995.

The tariffs shown are those that went into effect January 1, 2002, and will remain in effect until December 31, 2002, and are limited to merchandise from the United States. These tariffs, but not the descriptions, were published in Mexico's "*Diario Oficial*" (Federal Register) on December 31, 2001.

Explanation of the special tariffs ("Ex.", "PROHIB ", "ES",) and Notes ("C", "NZ", "N", "M", "S", "Q", "NA " & "PFR ") follow after this schedule in the APPENDICES.

HS#	Tariff
1701.11.01	The importer must have a written statement from the exporter that certifies that the product has not benefitted from the U.S. Sugar Reexport Program. If the importer has this statement, then the products covered by these tariff lines will be subject to a tariff that is derived by multiplying the regular "most favored nation" (MFN) tariff in effect at the time of importation by a factor of 0.8. If the importer does not have that written statement, then the merchandise will be subject to the regular MFN tariff without any reduction.
