**Note on data:** Export figures since March 22, 2002, do not include fragrant rice. In addition, between May 1, 2013, and December 18, 2016, the Ministry of Commerce's Office of Commodity Standards took over reporting authority for rice exports and at that time the export data did not include 25% -100% grade white rice exports. Prior to May 1, 2013, and since December 18, 2016, the Thai Board of Trade has reported rice export data, which includes 25%-100% grade white rice. The reader should bear in mind these differences when comparing historical data with current data.
